

W+D Quality Services

Improve your company's performance with the help of our comprehensive and high-quality service portfolio

Replace + Refine

Premium Consumables/Size- and Spare Parts

W+D offers you a wide variety of interesting offers for format and spare parts for your everyday production operations at competitive prices. Of course, all of these products are also available from our W+D web shop:

- / Premium Consumables
- / Spare Parts and Spare Part Packages
- / Foil knives and Gum Roller

W+D Premium Consumables

W+D maintains in permanent stock more than 3,000 different original W+D consumables and can accommodate your individual needs to ensure maximum production efficiency. These stocks are available in our locations – and thanks to our network of subsidiaries, agents and partners we can ensure fast reaction times and speedy delivery to any part of the world.

Products included

- / Transport rolls
- / Radial deep groove ball bearings
- / Ceramic cutting bars

Your discount benefit

- / Get up to a 25% discount

W+D Spare Parts and Spare Part Packages

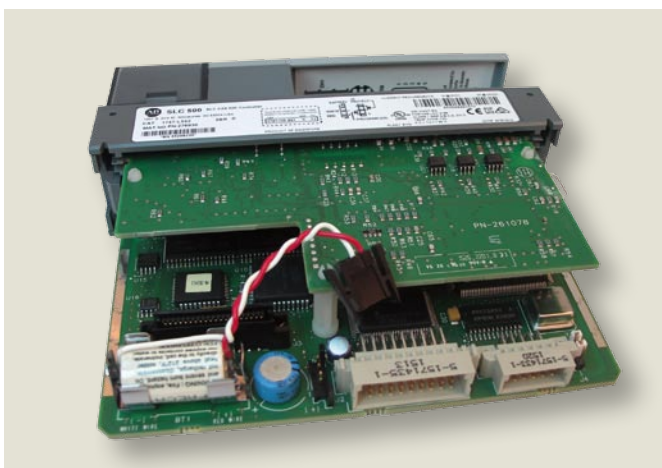

W+D contributes to your success by offering a 24/7 one-stop shop for high-quality spare parts and equipment for all types and generations of W+D machinery. Our trained service personnel can provide W+D original spares or W+D premium consumables. These all fully comply with rigorous W+D quality standards to guarantee the optimum operation of your equipment.

Complete spare parts kits are available for many W+D machines. These service packages are available either as start-up kits or to support your W+D machine for a defined time period – and offer you considerable savings on the prices of individual parts. W+D can configure your individual package to ensure the most critical items are always on hand.

Benefits of using W+D spare parts service:

- / Quality assurance according to rigorous W+D quality standards
- / W+D original spares developed by W+D engineering experts
- / Global and regional availability and easy ordering via our Webshop
- / Efficient supply chain guarantees speedy delivery (to most European destinations within 24 hours; to most other destinations within 48 hours)
- / Agreement with customs authorities ensures no delays at borders
- / Extensive stock of competitively priced original parts and W+D premium consumables
- / All spare parts guaranteed for one year
- / Hot swaps – where parts are exchanged with limited interruption to your production operations – can be conducted by our service team

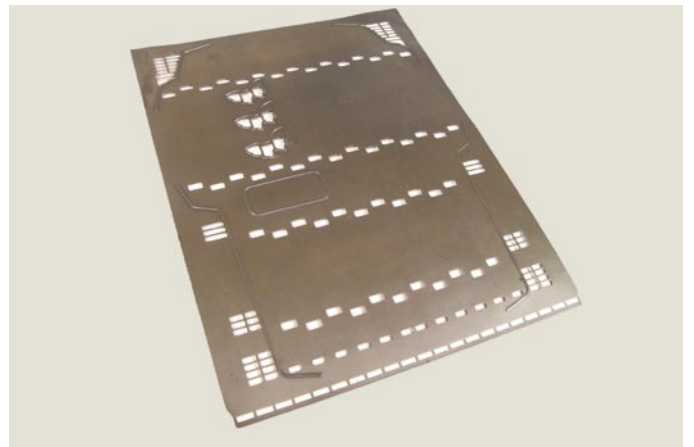

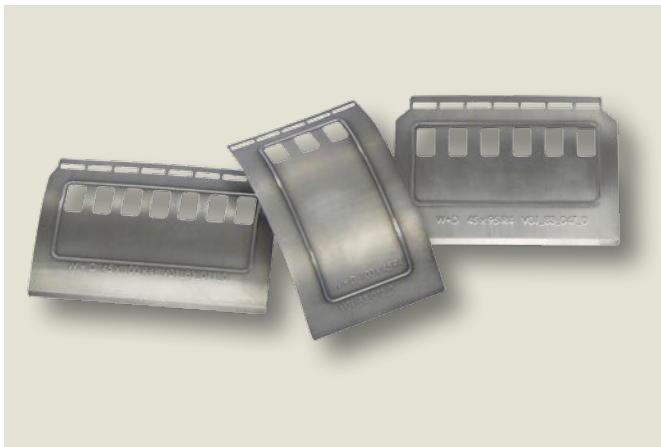

W+D Foil Knives

Standard window flex dies at an unbeatable single price

- / Regardless of what window size
- / Regardless of what clip-in system
- / Regardless of how many you order per type

New

Effective immediately, you can order all standard window flex dies with cutting edge lengths up to 400 mm at a single price. You are free to choose the format, the corner radius, the clip-in system and the quantity – the knife will always cost the same price per unit.

Flatrate for select foil knives

These versatile flex dies perform any cutting task with respect to shapes, windows and separating cuts and cut complete formats in processing rectangular bottoms

- / Flex dies for standard window sizes with a pin or clamping bar system
- / Separating knives

- / Universal DL complete cutting knives for standard sizes
- / up to 20 % discount

Matching window gummers at an affordable price

Besides film knives for standard window sizes, we also offer the matching window gummers.

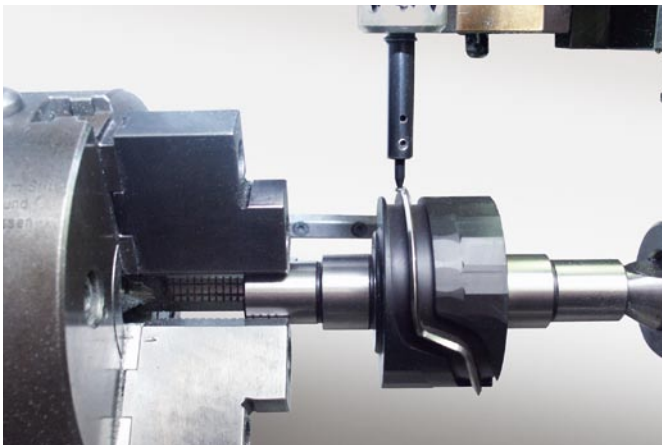

More details are available from our web shop under the heading "Gumming tools, flat rate window gummers."

W+D Knife Resharpener Service

Service from a single source

With the „all around carefree package,“ the resharpener of your knives is performed on a frequent basis. Effective immediately, we would be happy to take care of mailing, resharpener and returning your knives. You would then receive a transport box and a label for the knives. As soon as the next resharpener cycle comes around, all you have to do is provide the freight company with the respective number of the mailing label and the box for the pick up.

Products included

/ SolidCut- and MasterCut cutting knives

Your benefits

- / Full service from a single source
- / Reduced throughput times to four to five days
- / High planing security
- / Easy to manage
