

# W+D Quality Services

Improve your company's performance with the help of our comprehensive and high-quality service portfolio

## Train + Excel

### Certified W+D Online Training / E-Learning for Machine Adjusters

#### Online training for optimal handling and operation of your W+D machine

The training modules of W+D E-Learning course for machine adjusters will provide you with all the information online that you need to operate the system independently. You'll learn a lot about the relevant modules and topics of importance to the machine. The training package is rounded off by extensive help and explanations on troubleshooting, maintenance and taking care of the machine.

After successful participation, each participant will receive detailed training documents, a user manual, and a W+D training certificate.

**Prerequisite:** Completed W+D Online Operator Training.

**Training languages:** English and German

**Target audience:** New customers, machine operators and machine setters
