

Retrofitting for Machine type W+D 627

Magnetic cutting cylinder

Description of modification

Replacing the solid blade roller with a magnetic roller enables the use of cost-effective EasyCut cutting tools – also available as a combination tool – with your machine. It is possible to employ magnetic cylinders with a standard cutting width of 265 mm as well as a 300 mm premium version.

Advantages

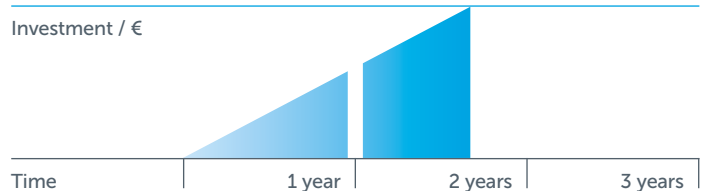

- / Fast and easy changing of the sheet blades – leading to reduced changeover times
- / Complete cut technology is available
- / Window cutouts in complex shapes with fine details are possible
- / Low cost perforations and safety cuts
- / Easy sheet blade positioning thanks to the patented onboard header technology

Benefits

- / Increased productivity
- / Faster format conversions: with a window blade up to 60%; with a combination tool up to 75%
- / Tooling cost savings: for sheet-fed presses up to 80%; for web-fed presses up to 60%
- / Process-vacuum supply savings

ROI*

* ROI-calculation: 3 format changes per week; purchase of 2 tooling sets (solid blades); machine utilization at 85%, production output of 800 products per minute

W+D reserves the right to make design changes.

Economical advantages

- Increased productivity
- Improved usability
- Improved quality
- Reduced tooling costs

Winkler+Dünnebier GmbH (W+D), part of global equipment manufacturer Barry-Wehmiller and its BW Converting Solutions platform of five industry leading brands, specializes in the design and manufacture of high-performance converting machinery for the tissue, nonwovens, hygiene, package-printing and bag-converting industries worldwide.

With more than 100 years of experience, W+D is the only engineering company to cover the entire envelope mail production value chain: from converting, printing and value ad enhancement systems for the manufacturing of envelopes to highly intelligent mail inserting technology. All with the aim to produce the most complex and personalized letter mail packages for postal system intake. Whether you produce envelopes for transactional mail, direct mail, lightweight e-commerce or special packaging made of paper – we are your solutions partner.
